A Check in Your Trousers

It is more important than a check on your trousers, but our new check does not put a check on any man's taste. Here's everything in the line of pant decoration.

If you value your personality you must be careful of your clothes—for they are half "the picture" in people's eyes when they look at you.

TERSELY TOLD

J. F. Mathis, of Holly, Fla., is in the city on a short business visit.

Mr. and Mrs. H. E. Stephens, of Detroit, are among the visitors who are now in the city on pleasure.

T. W. Brown and wife, of Bagdad, were business visitors to the city yesterday.

J. H. Spivey, a prominent naval stores operator of Moultrie, Ga., is in the city for a few days.

C. C. Brock, who has been absent from the city for several weeks, has returned to home.

Judge H. C. Gordon, of Tampa, is in the city for a few days. He is registered at the Escamilla.

L. S. Brown returned yesterday from Atlanta and other points in Georgia, where he had been for several days on business.

The registration books for precinct No. 13 will be open Thursday and Friday of each week at the office of the justice of the peace.

The "pay roll spectre" bothers only the merchant who has no advertising bills to pay; for the bigger the advertising bills—if wisely contracted—the easier it is to meet all bills.

Chas. M. Reilly, advance agent of the "Old Homestead," is here arranging for the appearance of that company at Pensacola next Wednesday night.

The fire department had a call yesterday afternoon shortly after 1 o'clock to a small house on Florida Blanca street, between Romana and Intendencia streets. The damage to the building was only slight.

A sermon in itself. Blue Ribbon Lemon and Vanilla, absolutely pure, goes twice as far and gives desserts the famous "Blue Ribbon Flavor."

SAFETY BOARD
MET LAST
NIGHT

Regular Meeting Held and Only Routine Business Was Transacted.

The regular meeting of the Board of Public Safety was held last night. Chairman Ingraham presided and there were present Mayor Bliss, and Messrs. McGaughey and Oliver.

Only routine business was transacted, there being nothing of a special nature before the meeting. The committee on the purchase and sale of horses reported that it had sold one of the horses, which was unfit for use in the fire department, for \$65. It was decided to ask the council to allow the board to retain this money to be used in the purchase of other horses.

A communication was read from Special Officer William Ray requesting pay for four days lost on account of sickness. The communication was laid on the table.

A communication from Officer Roach who was recently granted a leave of absence for ninety days, asked the board for half pay for this period, as the disease from which he is suffering, was contracted while on duty. The communication was laid on the table.

Fireman J. M. O'Donovan, who was badly injured about the face and jaws by the explosion of one of the patent fire extinguishers in February, petitioned the board to grant him pay for the thirty days that he lost on account of the injury, which was received while he was fighting a fire, and also to pay his dental bill. The latter amounted to \$125.00, as most of the teeth of the fireman were either blown out or will have to be drawn. The request was granted and the council will be asked to make a special appropriation to cover the amount.

J. E. Duboussion was given the contract for furnishing feed for the department during the coming month. His bid was white clipped oats at 43 1/2 cents per bushel, and choice timothy hay at \$16 per ton.

Mayor Bliss introduced a resolution to the effect that the fenders used on street cars at present are inadequate for the protection of life, and ordering the company to put fenders in front of the cars and not underneath them. This was discussed at length, the members being under the impression that the matter should be taken up by the city council. It was finally decided to withdraw the resolution and consult with the city attorney regarding the power of the board.

The uniform committee was instructed to advertise for bids for the summer uniforms for the fire and police departments.

CLERKS HELD
BIG MEETING

LAST NIGHT, WHEN MANY MATTERS OF INTEREST WERE DISCUSSED.

A largely attended and enthusiastic meeting of the Retail Clerks Union was held last night in Union hall, when many matters of importance, especially to organized labor were discussed.

The meeting was a special one, and among the matters under discussion was increasing the membership or in getting all clerks in the city to become members of the organization, which is now on a sound footing and conducted in a business-like manner. The clerks have received and distributed handsome store cards among the stores of the city. These cards are placed conspicuously in the stores, and shows that none but union clerks are employed in places where they are displayed.

The union requests members of labor unions, when making purchases at stores, to ask the clerk to exhibit his union card which if he is in good standing, will show a stamp for the current month.

The clerks now have a strong union and at each meeting new applications are being received.

BIG CROWD AT
DOG AND PONY
SHOW

Standing Room at a Premium at Both Performances—Show is Unusually Good.

Seibel Brothers' dog and pony show gave two performances yesterday, one in the afternoon and one at night.

The afternoon performance was advertised for 2:30 o'clock and long before two o'clock the crowd began to assemble and before 2:30 the entrance was closed on account of the unusually large attendance. Hundreds of people clamored for admission which had to be denied them on account of the great crowd on the inside, many of whom could not find seats.

The night performance was also crowded and every person at each performance enjoyed the show; and they were not slow in expressing their sentiments.

Nothing too good can be said about the show. Never before has such an assembly of dogs, monkeys and ponies presented such an exhibition. It is certainly marvelous. It is almost impossible to realize that animals can be so well trained, and can display such wonderful intelligence.

A negro who witnessed the exhibition was heard to remark that "Dem dogs had mo' sense den lots 'o people," and that piece of wisdom will readily meet with the approbation of many people.

It is almost impossible to enumerate the many features, and the many "stunts" performed by the intelligent animals as there were so many of them and they were all so clever, and so captivating.

There will be another performance this afternoon and to-night and every child in the city should not fail to see it. There will also be another street parade to-day.

CANDIDATES MUST
PAY IN ADVANCE

NO POLITICAL ANNOUNCEMENTS OR ADVERTISEMENTS OF ANY KIND WILL BE ACCEPTED WITHOUT THE CASH.

The campaign will open shortly and candidates will no doubt begin to appear. In advance therefore of their appearance The Journal takes advantage of the occasion to give notice that all political announcements or political advertisements of any kind must be paid strictly in advance. The following rates apply to announcements for office, cards not to exceed eight lines:

The Daily Journal.....\$10.00

The Weekly Journal..... 5.00

The pay-in-advance rule will be absolute. No announcements will be run unless they are accompanied by the money. A candidate who cannot pay for his announcement in advance is not likely to pay for it at all. That at least has been The Journal's experience in the past.

Candidates are therefore given notice not to apply for credit, for it makes no difference how much a candidate is worth or what his standing is, all will be treated alike and credit will be accorded to no one.

BROWARD WILL
SPEAK AT NEW
ORLEANS

Governor Greatly Interested in Movement to Increase Trade With Latin America.

Special to The Journal.
New Orleans, Mar. 21.—John F. Stevens, chief engineer of the Panama canal has been named as one of the important individuals to address the Mississippi Valley Latin-American Convention at New Orleans April 5, 6, and 7, and is down for an address on "Panama Canal Construction." Secretary of War Taft also has been asked to address the convention, as also has been H. Clay Evans, E. S. Benson, general auditor of the Panama canal commission, Jackson Smith, manager of branch labor and quarters at Christobal in the Canal Zone; Stuyvesant Fish, president of the Illinois Central Railroad and many other prominent men from various sections of the Ohio, Missouri and Mississippi valleys. Governor N. B. Broward, of Florida, in accepting his invitation said: "I am thoroughly interested in the project and feel as you do, that there is no time like the present to make an effort to impress upon the nation the facilities which the south possesses for handling the commerce of the country."

"Not only is it our intention to get a share of the business of furnishing supplies for Panama canal construction, that naturally should be ours," says Chairman Porch, "but it is our purpose to build up sentiment in the west and middle west comprising the broad Mississippi valley and the south to develop trade and commerce through the southern gateway for all the Latin Americas. We want to be able to bring enough of the products and manufactures of this vast area through the southern gateway to make necessary a properly equipped and regularly operated line of steamers to all Latin American ports and thus afford a cheap and expeditious access to all those consuming centers which are now mainly supplied by Germany and England."

Other distinguished individuals who have been heard from are: Gov. Jno. H. Mickey, of Nebraska; Mayor Jeff. Davis, of Arkansas; Gov. Folk, of Missouri; Gov. Warren, of Michigan; Mayor E. F. Dunne, of Chicago; Gov. J. O. Davidson, of Wisconsin; Mayor Brand Whitlock, of Toledo, O.; Hon. Geo. W. Guthrie, Mayor-elect of Pittsburgh; H. C. Barlow, of the Deep Water Ways Commission of Chicago; Col. J. J. Sullivan, of the Cleveland, Ohio Chamber of Commerce; E. S. Shannon, secretary, Nashville, Tennessee Board of Trade; J. H. Murray, secretary Cincinnati Chamber of Commerce. Preparations are being made to care for 2000 delegates.

The Original.
Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. W. A. D'Alemberte, druggist and apothecary.

EVANGELIST WILL
PREACH AT BAGDAD

Special to The Journal.
By request of the people at Bagdad, Evangelist Rev. Heinrich Kegel, who just closed a most successful meeting at Milton, will occupy the Pavilion at Bagdad, Friday night, Saturday night, Sunday morning and Sunday night. A special programme has been arranged.

A piano concert by Daisy Davis, pianist for Mr. Kegel will precede each service. The vocal music will, as usual, be under the personal supervision of R. E. Davis, business manager of the evangelist's party.

Well Deserved

THE PRAISE THAT COMES FROM
THANKFUL PENSACOLA
PEOPLE.

One kidney remedy never fails. Pensacola people rely upon it. That remedy is Doan's Kidney Pills. Pensacola testimony proves it always reliable.

Z. A. Thomas, circulation manager of the Pensacola Daily Journal, and living at 913 East Lloyd street, corner of 10th avenue, says: "I had a dull aching in the small of my back at times which annoyed me greatly, and when I saw Doan's Kidney Pills advertised I thought they might cure it, so I procured a box at Sidney Kahn's drug store, corner of Romana and Palafox streets. The result was all that could be wished. One box cured the trouble and there has not been the slightest sign of a recurrence. Should I have another attack in the future, I shall surely resort to Doan's Kidney Pills, as I know they can be depended upon to do all that is claimed for them."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and get no other.

SYRUP
OF FIGS

Acts Gently;
Acts Pleasantly;
Acts Beneficially;
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. BANQUET GIVEN
BY DAMON
LODGE

In Honor of Grand Chancellor
Henry Horsler—Many Pythians
Made Addresses.

A banquet and smoker by Damon Lodge No. 13, Knights of Pythias, was the event among Pythians of Pensacola Tuesday night. The affair was in the Pythian hall and was in honor of Henry Horsler, who was chosen by the grand lodge recently to fill the position of grand chancellor, the highest office in the state of that order.

There were a large number present, not only members of the lodge, but also sister lodges and visiting brethren.

A number of excellent addresses were listened to with much attention. Among the speakers was Judge Gordon, of Tampa, who is in the city on a visit. Grand Chancellor Henry Horsler, Hon. Chas. M. Coston and several other Pythians also delivered appropriate addresses.

The report of the representatives to the grand lodge were heard, after which those present enjoyed the banquet and smoker.

WAR SHIPS GO
TO ST. JOSEPHS

Four ships of the coast squadron, which have been here for several weeks, have gone to St. Joseph's bay, where they will remain for some days engaging in target practice. The vessels which left were two monitors and two torpedo boats.

Other vessels of the squadron will go to St. Joseph's as soon as these four have completed their record practice. Owing to the fact that the vessels are small ones they could not engage in practice in the open gulf with any satisfactory results, and consequently were sent to St. Joseph's as was the case last year. The seas are too high in the gulf for the small craft, but it is possible that the battleship Texas may do her target work in the open gulf.

\$100.00 REWARD

\$100.00 reward will be paid for the arrest and delivery to the sheriff of Walton county, one Charlie Renolds, a negro. Description: Height 5 feet 10 or 11 inches; weight about 160 or 170 pounds; bright mulatto with medium, large eyes. Has scar on upper lip to the right of nose and when last seen he wore a blue faded jumper, overalls, a gray cap, a new pair of No. 8 fine sharp toed shoes. Reward to be paid by J. A. Richbourg & Co., Crestview, Fla.

AMUSEMENTS

The Prettiest Girl on the Stage, Vera Knapp, in "The Old Homestead."

"Old Homestead."
Mr. Reilly, the agent for Denman Thompson's "The Old Homestead," is an enthusiast of the first water. And his enthusiasm leads him to the declaration that "The Old Homestead" company has the prettiest girl on the stage to-day on its roster. Mr. Reilly's enthusiasm leads him in the direction of Miss Vera Knapp who this season takes her first dip in the theatrical ocean.

But seventeen years of age Miss Knapp came direct from Notre Dame South Bend, to the stage. Her father, who plays the "Canzy" boy in "The Old Homestead" is with her and he has had a multiplication of trouble in warding off prospective suitors for her hand. But Miss Knapp's mind at present is on her theatrical ladder of fame which she is climbing steadily.

Her experience behind the footlights has not been extensive, as be-

fore stated, but her future, from reliable judges is assured. Beside her talent as an actress she has a beautiful soprano voice of the purest quality and its volume, considering her years is pronounced remarkable.

Already she has had offers from the big producers of light opera, but she feels, and wisely too, that a few years of experience in subordinate roles will be of great benefit to her.

Her beauty is widely remarked and is of the Spanish type. Withal is a natural ingenuousness that has endeared her to all her associates.

Her voice is heard to advantage in the "Psalm" service in the Grace church scene of "The Old Homestead," in which the grand choir of twenty mixed voices is accompanied by the big church organ carried by the company especially for this scene.

"The Old Homestead" will be presented here next Wednesday.

BAD BLOOD WEAKENS THE SYSTEM
AND INVITES DISEASE

Every part of the body is dependent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes impoverished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weakened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and enriches and strengthens it, but gently builds up the entire system by its tonic effect. S. S. S. reinvigorates every member of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries robust health and strength. S. S. S. acts more promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases. Address
